

TEXTURED STEEL COLOUR SERIES

Our Textured Colour Series not only delivers eye-catching, 3D visual effects to the product, but also provides a surface that is more durable and scratch-resistant than standard pre-painted product. This texturized finish also offers stronger colour retention and superior resistance to chalking and fading. Currently available in 26 Gauge in 4 Textured Colours:

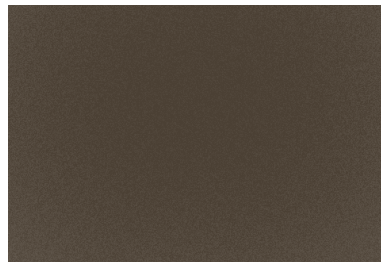

GRAPHITE

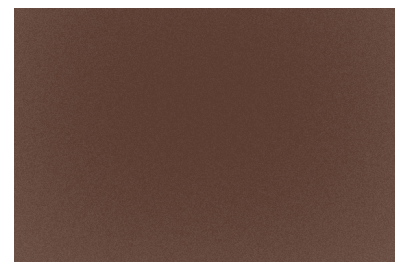

ONYX BLACK

HEADS UP!

We are transitioning our Textured Series from 26 Gauge to 24 Gauge to provide even more profile options. We will have limited stock in Burnished Slate & Kona Brown during this time. Please inquire about inventory prior to planning your projects.

BURNISHED SLATE

KONA BROWN

Forma Steel recommends seeing an actual painted metal sample prior to ordering. Samples are available upon request.
